# Splashpanel wall panelling.

Durable, hygienic and 100% waterproof

  
**Splashpanel**  
WATERPROOF WALL PANNELLING

In addition to standard Splashpanel the collection now also includes the Premium and Narrow ranges. The 10mm thick cellular PVC structure of Splashpanel ensures the panels are durable yet lightweight. The 100% waterproof panels create a fashionable and functional wall covering that's ideal for shower enclosures, bathrooms and wetrooms. Easy to clean, with no grout lines, the Splashpanel hygienic, non-porous surface provides excellent protection against bacteria and stains and is mould resistant too.

Splashpanel Narrow White Marble Matt

Proplas wall panelling.  
Stylish designs in matt, gloss and textured

proplas  
panelling

With contemporary designs including sparkles and marbles, tactile matt textures in a choice of 250mm or 400mm wide panels, and light reflecting high gloss finishes, Proplas creates a stylish look in any setting including bathrooms, kitchens and utility rooms. Proplas panels are ideal for walls, a selection for ceilings too, and can be simply fixed over existing surfaces like tiles or Artex. Please note that ceiling downlights can be used with Proplas as the product can withstand up to 60 degrees heat; making renovation and refurbishment fast and easy.

Proplas Grey Marble Matt

# Proplas tile wall panelling.

The real look of tiles without the hassle

proplas  
tile range

The Proplas Tile range offers three tile effect wall products with a choice of matt, gloss or satin finish, providing all the great looks of traditional tiling without the mess and maintenance.

The Proplas tile range is a great value, great looking solution that's quick and easy to install. It is 100% waterproof so is ideal in both wet or dry areas. The surface is warmer than tiles and is durable, hygienic and very easy to clean.

Proplas Smoked Grey Small Tile

# TECHNICAL INFORMATION

## FIXING OPTIONS

PanelStyle PVC waterproof panelling is fixed by adhering the panels to an appropriately sound, flat and plumb subsurface. If the subsurface is uneven then a timber batten frame should be installed to create a suitable subsurface to adhere to. Full installation instructions are supplied with all products and are also available to download from [www.panelstyle.co.uk](http://www.panelstyle.co.uk)

## CARE & MAINTENANCE

All PanelStyle PVC waterproof panelling is more hygienic and easier to maintain than tiles. The non-porous surface provides excellent protection against bacteria and stains. PanelStyle anti-bacterial cleaner kills germs and keeps hard surfaces clean without scratching. **Please note:** abrasive cleaners and bleaches **MUST NOT** be used on any PanelStyle product. Do not cut or store panels in direct sunlight, as can create an adverse reaction to the panels decorative layers.

## 5 YEAR WARRANTY

PanelStyle PVC waterproof panels carry a 5 year residential/domestic warranty against manufacturing defects. A full copy of the warranty is available to download from [www.panelstyle.co.uk](http://www.panelstyle.co.uk). Note installation of the product must be in accordance with the fitting instructions supplied as incorrect installation will void the warranty.

## FIRE RATED

Fire Rating tested to BS EN 13501-1:2007 achieving and F.R. classification of C,S3,D0.

This PVC product can be recycled at your local recycling facility
