125 Years of...

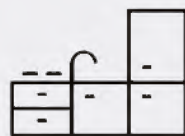

Quality

We create state of the art appliances, designed for long lasting performance.

Innovation

Delivering innovative technologies and excellent results - since 1899.

Timeless Design

We take great pride in crafting premium designs that perfectly complement your home.

Exclusive Features

All our products and patented features are engineered to meet our highest standard.

Uniquely Miele

We create state of the art appliances, designed for long lasting performance.

Design that makes you fall in love.

Longevity that never makes you fall out of it.

SAMSUNG

Why choose Samsung Home Appliances?

We are challenging the status quo of home appliances by designing innovations that adapt to our changing homes. From fridge freezers that go way beyond keeping food fresh, to ovens that let you cook more flexibly than ever. So you can come home to appliances that work around the happy chaos of our everyday lives and are a joy to use.

Cooking

Samsung appliances make cooking both very easy and very satisfying. Whether you're warming up leftovers, rustling up a ratatouille or having guests over for dinner, our thoughtful innovations and stylish design make cooking a pleasure.

Refrigeration

Samsung range of integrated Fridge Freezers slot tidily into your fitted kitchen and with SpaceMax™ technology there will still be plenty of storage space. Easy to install with a variety of fixed or sliding hinges.

Laundry

Life doesn't always go to plan. So Samsung Laundry Appliances have tons of brilliantly useful innovations to power through your washing and drying in smarter, faster and kinder ways.

Dishwashers

Loaded with slick technology, our dishwashers clean dishes like never before. From quick, everyday loads to clearing up after a dinner party, you can guarantee everything will be spot on and spotless.

WHAT DOES IT DO?

NikolaTesla redefines simple daily tasks by combining two kitchen elements that are generally separate - a hob and a hood -, thus creating the perfect marriage between technology, functionality and aesthetics.

Never worry about kitchen fumes and odours again! NikolaTesla's aspirating core technology is completely hidden within the hob, which allows for a linear design that is both highly performing and energy efficient. NikolaTesla allows you to work freely on the hob's surface, making it ideal for even the most elaborate food preparation.

- 5 year guarantee

Our food waste disposers and steaming hot water taps are designed for modern living and busy lifestyles. Whether you are a small or large family, love entertaining or live on your own, these appliances will suit any style of kitchen.

The Government plans for separate food waste collections for every UK household ultimately mean that smelly food waste will be collecting in a caddy in your kitchen. You can avoid this by installing a waste disposal unit, eliminating food waste instantly.

The ultimate in food waste disposal (see page 161)

Help keep food waste out of landfill sites

1
Your food waste is ground into tiny particles by your InSinkErator disposer...

Food waste is a growing problem. We all need to do our bit to help preserve the environment. We waste £13b worth of food every year in the U.K. A part of that ends up in landfill where it emits harmful greenhouse gasses.

Instead of going to landfill, food waste can yield valuable biogas and other vital soil nutrients which can be recovered at the wastewater plant.

2
These are flushed through your plumbing to wastewater treatment...

7m tonnes
7 million tonnes of household food goes to waste each year.
Source: www.wrap.org.uk

£13b of waste
That's £13 billion of food purchased and thrown away.

Part of that waste goes to landfill sites, where it emits harmful greenhouse gasses.

This could yield renewable energy or natural fertilizer but just 10% is separately collected and less than 7% is home composted.

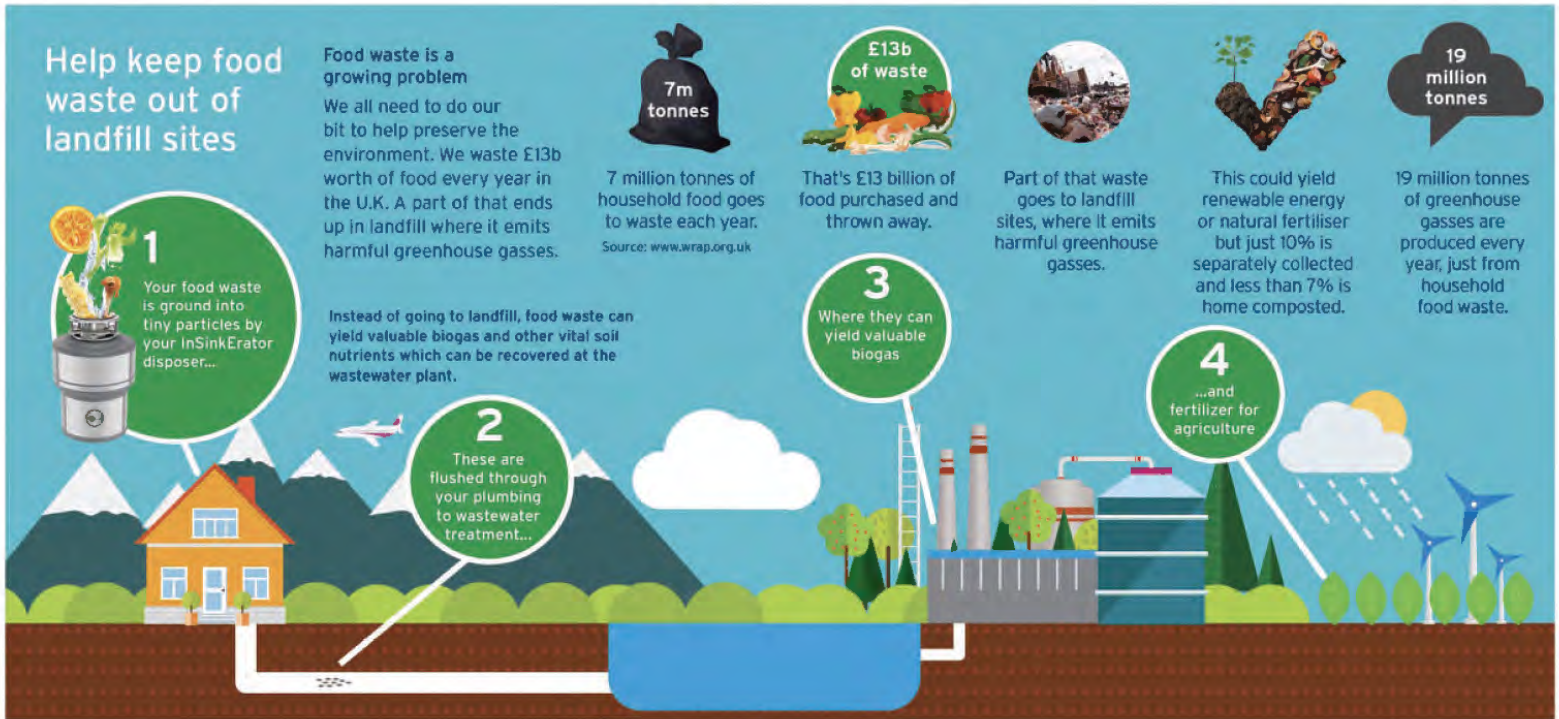

19 million tonnes
19 million tonnes of greenhouse gasses are produced every year, just from household food waste.

3
Where they can yield valuable biogas

4
...and fertilizer for agriculture

prima

The Smarter Choice™

For all your customers' everyday needs

PRACTICAL

Prima appliances are designed for your everyday needs, and to be easy every time you use them.

Whether it is an oven, a microwave, or a washer dryer, most of us will use a small number of programmes most of the time and so our appliances make it really easy to use these programmes and to get great results every time.

For those who want to be a little more adventurous, our feature rich Prima+ ovens have additional programmes and settings to let you experiment.

For all your everyday needs

EFFICIENT

All Prima appliances have an excellent energy rating, meaning that they are better for the environment and also much cheaper to run.

**FREE
5 YEAR
GUARANTEE**

(5 YR PARTS/2 YR LABOUR)

With our parts & labour guarantee you can have the peace of mind that a Prima appliance will give you easy and reliable everyday use for years to come.

RANGE

The Prima range has everything you need to complete your kitchen, from built-in ovens to the kitchen sink.

Whether you prefer a gas hob or an induction hob (which can boil a pan of water in under a minute); ovens with dials or a digital touchscreen; or even if you prefer a 70/30 split fridge freezer to a 50/50 split; our Prima range has a great product to match your preferences.

VALUE

Prima products are specifically built to combine great features and looks at a price that suits every budget.

Our Prima+ products have added functions and style features that make them the ideal alternative to more expensive brands but at a much lower price adding to the value of buying Prima.

High spec products at a much lower price

SPACE IS NOT CREATED, IT'S FREED.

NIKOLATESLA FIT, YOUR ENTIRE KITCHEN IN JUST 60 CM.

SMALL
SIZE

COMFORT
SILENCE

AUTO
CAPTURE

Take back your space with NikolaTesla Fit by Elica, the compact extractor hob designed also for small environments. It captures steam and odors more efficiently and faster as they rise to the top, yet remaining incredibly silent. The Autocapture function automatically sets the air extraction power most suited to your recipe. In addition, NikolaTesla Fit's advanced ceramic filters improve the quality of the air you breathe every day.

Discover all the benefits at elica.com

AEG

WHY NOT CHANGE THE COURSE

Challenge conventions and take veggies to the next level. With the right appliances you can re-define the main course and eat more sustainably without sacrificing on taste. So you can live on your terms while caring for the environment. Why settle for the same old when you can set the new standard.

CHALLENGE THE EXPECTED

A modern kitchen scene featuring a dark grey Electrolux oven with its door open, revealing a stand mixer and lemons inside. The oven is set into dark grey cabinetry. In the foreground, a light-colored stone countertop holds a wooden cutting board with sliced lemons and a knife. A stainless steel bowl is also visible on the counter. A dark blue circular badge in the top right corner contains the text '2 YEAR Guarantee'. A light blue rectangular box in the bottom left contains the headline 'Make life delicious', a sub-headline, and the website 'Electrolux.co.uk'. The Electrolux logo is visible on the oven door and at the bottom right of the image.

2 YEAR
Guarantee

Make life delicious

A little creativity
changes everything.
Make food,
make experiences,
make memories.

Why a food waste disposer is the responsible choice

Your food waste is ground into tiny particles by your InSinkErator® disposer

These are flushed through your plumbing to the wastewater treatment plant

Where they can yield valuable biogas

and fertiliser for agriculture

Food waste is a growing problem
 7 million tonnes of household food goes to waste each year. That's £13 billion of food purchased and thrown away. Part of that waste goes to landfill sites, where it emits harmful greenhouse gasses. This could yield renewable energy or natural fertiliser but just 10% is separately collected and less than 7% is home composted. 19 million tonnes of greenhouse gasses are produced every year, just from household food waste.

abode *Pronteau Taps*

PRONTEAU™
by abode

THE PRONTEAU BY ABODE HOT WATER TAP COLLECTION IS VERSATILE, STYLISH AND UNIQUE.

Abode are UK specialists in tap design, meaning the hot water tap collection embodies style and functionality in one complete package.

Choose from **3 IN 1** and **4 IN 1** ranges, with options including the Prothia **3 IN 1** (pictured above), a unique slimline hot water tap supplied with the 2 litre **PROBOIL.2X** boiler and filter. Or ProTrad, the new **TRULY** traditional hot water tap available in **3 IN 1** and **4 IN 1** options.

Also introducing the new **HotKey®** collection, featuring patented technology for the safe dispensing of steaming hot water, and the new 4 litre **PROBOIL.4E** boiler (pictured right) with premium filter and a new array of finishes across the collection.

All **PRONTEAU** products are backed by a comprehensive guarantee, in-house **PRONTEAU** support team and on the road engineer network, for complete peace of mind.

We wanted to give something back to Abode retailers. Abode Accumulate members earn points by simply selling any Abode kitchen product.

INVITING YOU TO JOIN TODAY...

Abode are excited to invite existing and new retailers to Abode Accumulate, our new loyalty rewards programme has been designed exclusively for independent kitchen retailers with a showroom.

Abode Accumulate allows you to earn points on each and every purchase of Abode products.

Once you've set up your account, you'll be able to keep track of earned points and exchange them for some truly fantastic rewards.

We also want to make it work for you and love hearing what you have to say. So, whether it be suggestions about the Accumulate programme, our products, marketing, or service, we'd love to hear it. We'll review this feedback weekly and award points accordingly for ideas, feedback or suggestions.

CLAIMING YOUR POINTS IS AS EASY AS ONE-TWO-THREE!

Pricing Information

All pricing displayed is at Recommended Retail excluding VAT. Whilst pricing was correct at the time of going to press, we reserve the right to alter prices at short notice for reasons out of our control e.g. currency fluctuations or manufacturer price updates. No further special terms apply to trade prices on promotional items. For the most up to date and accurate pricing and stock information please visit partners.pjh.uk or contact us on 0800 8 77 88 99.

Promotions

We run frequent promotions on selected appliances, sinks & taps. For information on the latest offers, visit partners.pjh.uk.

Product Information

The basic product information in this brochure is intended as a guide only and more detailed information can be found on our PJH Partners Portal (partners.pjh.uk). However, in either case, we would recommend you consult the manufacturers literature or contact the appropriate Technical Service Department for exact specifications. Whilst every effort has been made to ensure the details contained in this brochure and online are correct, the product offered and conditions of sale may differ from those described or illustrated.

Deliveries

At the time of delivery, you must check all products for any sign of packaging or product damage and check the number of products delivered against the delivery note. You should report any damaged or missing products within seven days of delivery to our Customer Service Team on 0800 8 77 88 99. Please note that we will not be responsible for any damaged or missing products under delivery which are not reported within this time.

Returns

A return can be requested for any faulty products that do not operate in line with manufacturers guidelines. A return can be requested for products that are surplus to requirements and must be returned within thirty days of delivery*. Special order products that are surplus to requirements cannot be returned. The condition of the products must be confirmed at the point the return is requested.

A return can be raised by calling our Customer Service Team on 0800 8 77 88 99 or emailing sales@pjh.uk or via the PJH Partners Portal: partners.pjh.uk. An email will be sent (to the e-mail address you have provided) to confirm the return request has been raised.

*Miele products that are surplus to requirements cannot be returned.

Faulty Products

For faulty Prima appliance products you should contact the dedicated Aftercare Team on 0344 576 6841 who will arrange for an engineer visit to inspect the product(s). Following inspection, faulty products will be repaired or replaced.

For branded appliances, in all instances, the manufacturer will insist on repairing faulty products on site and must be given this opportunity. Contact details should be provided with your appliance(s), if you don't have these please call our Customer Service Team on 0800 8 77 88 99.

Sinks and taps that are returned as faulty will be returned to the manufacturer for inspection and credit will only be issued, in part or full, as agreed by the manufacturer.

Surplus to Requirements

Products must be returned within thirty days (of their original delivery) in their original packaging and in a re-saleable condition. PJH reserves the right to request photographs of the proposed returned products to confirm condition at the point of return. A standard re-stocking charge of £25 will apply, per order, and must be paid in line with our agreed payment terms. Any products that are surplus to requirements but reported outside of the thirty days from delivery are not eligible for return.

Collections

PJH will attempt to collect products, where reasonably possible, within three days of the return being raised. We will attempt two collections of the return, if both attempts fail, the return will be cancelled. At point of collection the goods returned must be presented in line with the reason for return. PJH drivers are instructed not to accept any products for return that do not comply with the criteria for products that are faulty or surplus to requirement. Collection of products by us does not imply that full credit will be given. If products are received in a condition not stated on the paperwork, PJH reserve the right to refuse any credit. Credits for returned products may take up to three days following PJH or manufacturer inspection. Please note: Manufacturer agreement times may vary.
