Welcome to the VitrA Vitality Collection

—
Instant inspiration, endless possibilities
for your dream bathroom

The VitrA Vitality Collection has everything you need to make your bathroom dream a reality.

With over **1,000** items, the VitrA Vitality Collection offers you plenty of choice. Catering for all budgets, there's no need to compromise on style or colour, with some products available in up to six different colours.

From classic and traditional to high-design luxury, you really can design the bathroom you've always dreamt of.

Something special

—
All the ranges in this collection are exclusively available to VitrA's independent bathroom showroom partners, offering you quality product, custom design backed by local service

Why choose VitrA

You're in safe hands, with six decades of innovation and manufacturing experience

VitrA

The award-winning VitrA Innovation Centre encourages architects and designers to run free with their imagination and explores new products, materials, processes and technologies.

Possessing one of the largest production complexes in the world, VitrA's state-of-the-art factory produces ceramic sanitaryware, bathroom furniture, taps, showers and tiles.

Sustainability

At VitrA, we're passionate about creating a healthier world, starting right from your bathroom

How do we do it?

Picture this: our ceramic factory in Bozüyük, Turkey, now houses a state-of-the-art solar panel plant on its rooftop. This year alone, it's set to produce an incredible **5.4** million kilowatts of clean, renewable energy. And that's just the beginning! Our plans include expanding this solar initiative across **112,000** square metres, aiming to cover **37%** of our electricity needs straight from solar power.

But we don't stop there. Our dedicated teams are hard at work, focusing on every aspect of our production journey. From innovating product packaging to significantly reducing water consumption, we're committed to making a real impact. And you're a crucial part of this journey towards a more sustainable future.

Together, with every purchase you make, you're contributing to a world where every step towards a greener tomorrow counts.

Join us in making a difference, one bathroom at a time

Shaping the future

The world’s first **100%*** recycled ceramic washbasin.

Our **100%** recycled ceramic washbasin is a first in the industry and reflects our commitment to using less resources, minimising waste and maximising our contribution to the circular economy.

According to a study conducted by LCA (Life Cycle Assessment) and VitrA, the production of these basins minimises our environmental impact on global warming and fossil fuels by **30%** per product. We believe that this pioneering innovation will set a new standard in sustainable design within the industry.

*The entire basin is produced from nearly **100%** recycled waste materials that are generated and disposed of during the CSW manufacturing process

Recycled round countertop bowl
without overflow hole, OTH, 40cm
Matt Taupe **£350 – 7992B066-0016**
H: 145mm W: 400mm P: 400mm
(Waste cover included)

Recycled square countertop bowl
without overflow hole, OTH, 48cm
Matt Taupe **£350 – 7994B066-0016**
H: 145mm W: 475mm P: 410mm
(Waste cover included)

(Waste cover included)

Recycled oval countertop bowl
without overflow hole, OTH, 59cm
• Matt Taupe **£385 – 7995B066-0016**
H: 145mm W: 590mm P: 405mm
(Waste cover included)

Recycled TV countertop bowl
without overflow hole, OTH, 63cm
• Matt Taupe **£385 – 7993B066-0016**
H: 150mm W: 630mm P: 420mm
(Waste cover included)

By choosing to reclaim materials that would otherwise have been discarded, we are actively reducing our environmental footprint

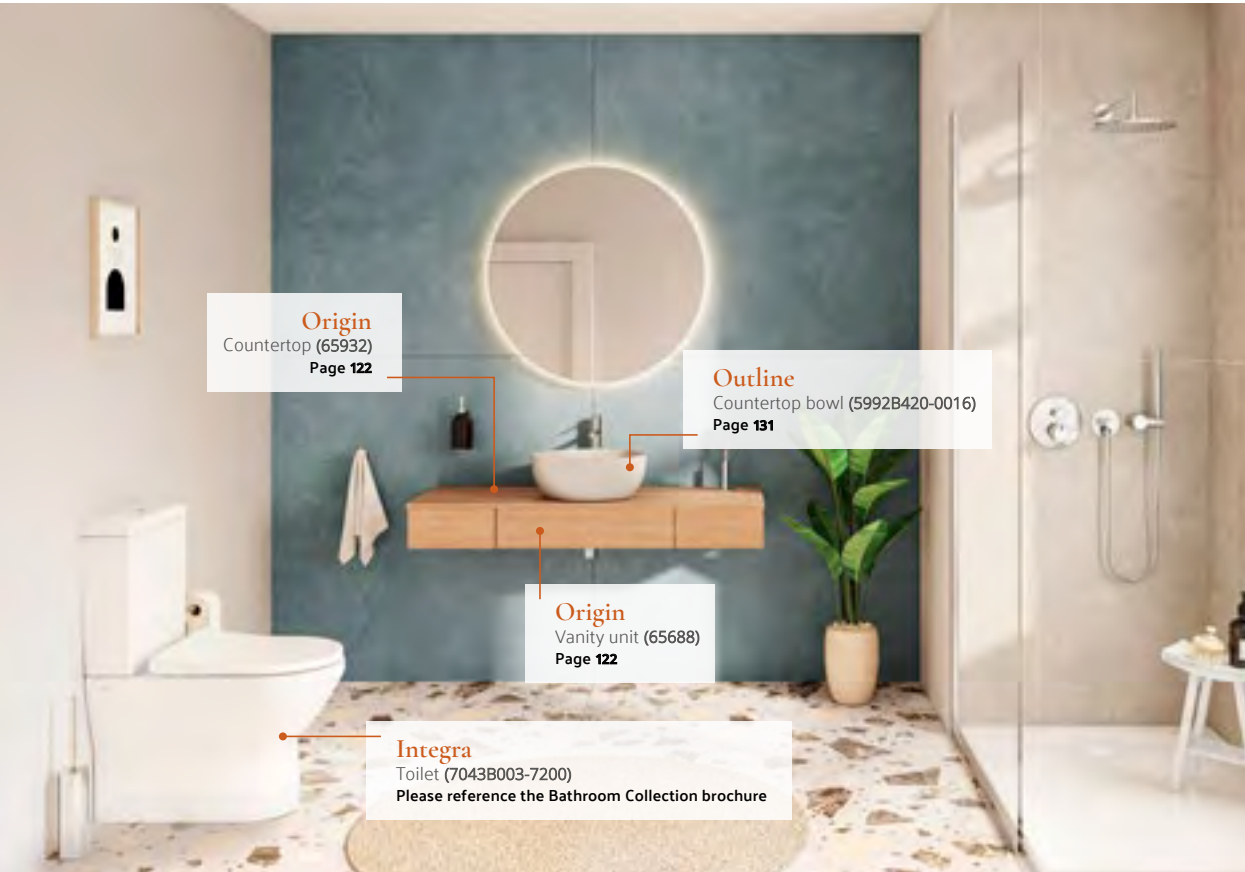

OTH = No tap hole

Design with freedom & flexibility

With our versatile ranges, your bathroom isn't confined to one look.

At VitrA, we believe in offering choice to inspire endless possibilities with your bathroom design whilst being practical and affordable. Our broad and diverse ranges are designed to stand alone as well as seamlessly complement each other, so that you can craft a multitude of unique designs for one space.

Whether you seek a tranquil retreat, an energetic space, or something in between, we provide the flexibility so that you can bring your vision to life.

Experience the freedom to experiment, to create, and to reimagine

Why limit your design to one range?

Experience convenience
with the washbasin units
integrated LED sensor light,
ensuring optimal visibility
- even when its dark

Sento brings scandinavian style into your bathroom. This furniture range is designed to complement the popular Sento toilet. Four matt furniture finishes and five basin sizes are available, including a compact cloakroom option. With sensor LED lighting underneath the washbasin units and a leg set option, this range provides a new take on bathroom furniture.

M-Line offers sleek
ceramics with the
choice of two bathroom
furniture styles

The M-Line furniture collection offers two distinct designs. The Edge series boasts intricate detail and premium materials; made from composite wooden veneer. Meanwhile, the Pure series presents a relaxed, yet stylish approach, catering to simpler needs with a modern matt finish.

Root Flat

Root furniture comes in three styles - Groove, Classic and Flat - and in nine assorted colours with three types of finish – gloss, matt, or wood. The wood options include walnut and natural oak finishes. Handle options include Matt Black, Chrome and Matt White, with two distinct styles to suit the different furniture designs and allow you to match your brassware and accessories seamlessly.

Fluted Glass

“Washbasins, furniture,
taps, showers &
accessories – designed
to work together or as
standalone pieces”

Tom Dixon

The Liquid collection evokes a sense of permanence with soft and rounded forms in durable white porcelain. The bones of this collection are the all-white ceramics, offset with signature chunky brassware in either gloss black or classic chrome finish – a quintessential and timeless core aesthetic for the bathroom. The range also includes distinctive wall tiles, available in five designs and with colour options of White, Black, Grey, Sage Green and Ecru, furniture and accessories.

Dark Oak

“ I like contemplating
new & better ways
of doing things ”
Terri Pecora

Inspired by the heritage of communal bathing spaces and rituals, the award-winning Plural collection presents the bathroom as an informal living space, making it the new heart of the home. Organic-shaped design elements can be used in multiple combinations to form a personalised intimate setting.

“Using basic geometric forms shaped by simplicity, Equal creates a minimalist bathroom feel”

Claudio Bellini

Combining crisp minimalism with functionality, Equal offers a classic monochrome appeal with a clean metallic finish. Inspired by the natural synthesis of man-made structures, Equal's linear designs create a simple foundation to your room in stylish neutral tones.

Key features

- 

VitrA Hygiene
Coats all VitrA ceramicware and inhibits the growth of harmful bacteria by 99.9%
- 

Soft-close seat
Special hinge for silent and soft-closing
- 

Quick-release seat
The screw-free fitting of the quick-release VitrA WC seat makes it easy to remove and refit after cleaning
- 

Rim-ex
Superior-hygiene, rimless WC pans

Bidet toilets

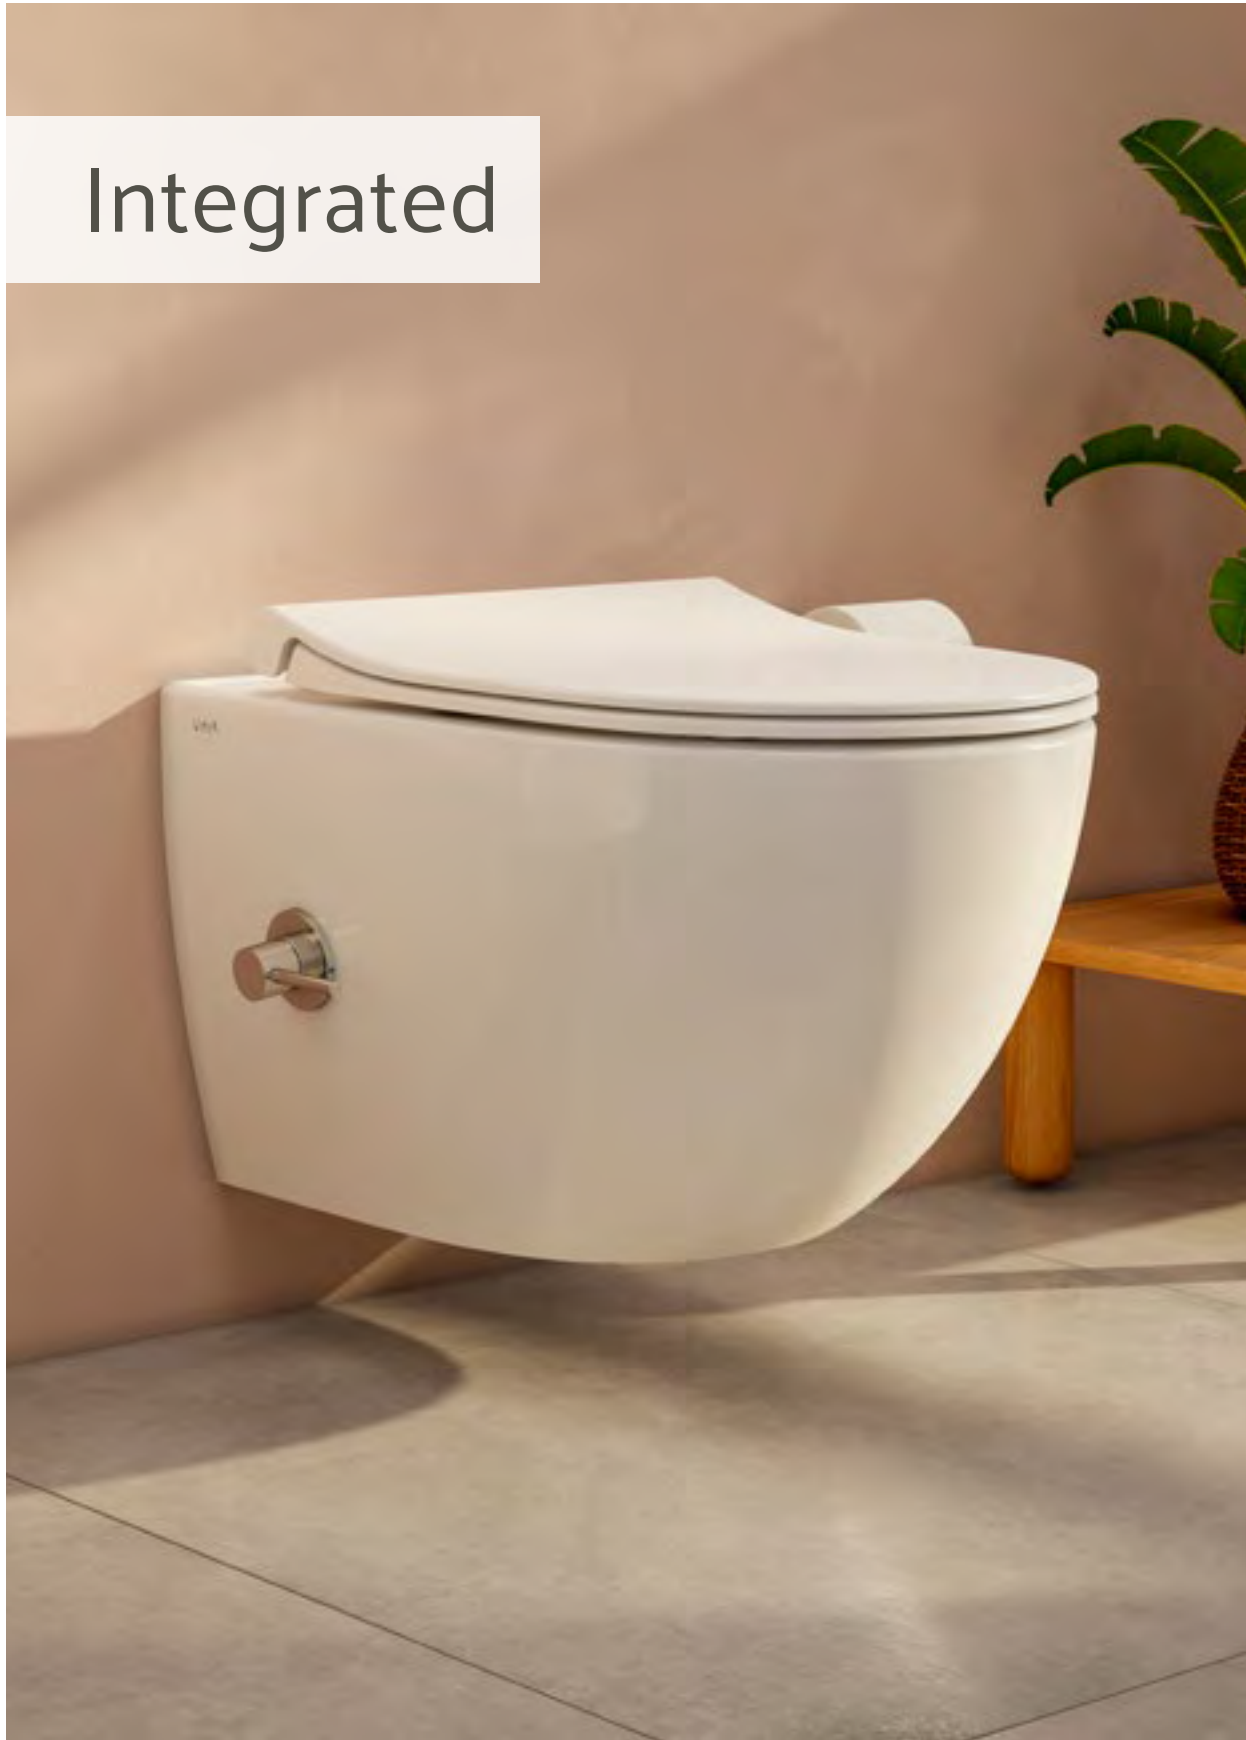

A bidet toilet combines the functionality of a toilet with the cleaning provided by a bidet.

As well as saving space, a bidet toilet is also kinder and gentler to you plus there are environmental benefits through the reduced reliance on toilet paper.

At VitrA, we offer a range of options depending on what kind of washing experience you want. Sophisticated multifunction shower-toilets offer wash, dry, and room deodorise features. Some have helpful additions such as sensor lighting which will light up the bathroom when anyone enters the room.

Integrated	154
V-Care	158

Integrated

Developed by the Vitra Design and Innovation Team, our integrated bidet WCs offer a refreshing, clean and hygienic bathroom experience. No electrical connections are required as the water is controlled via standard plumbing methods.

The Sento and M-Line integrated bidet WCs feature soft-closing, quick-release seats and our hygienic Rim-ex design.

There is also a choice of WC shape to ensure it will blend with any bathroom design.

Offers a natural and refreshing, water-based cleaning experience

Designed with an integrated mechanical bidet function to ensure a better personal hygiene experience

Extremely eco-friendly and significantly reduce the need for toilet paper

Does not require any electrical wiring, connecting to your main water supply for fast and easy installation

Provides an enhanced cleaning experience with advanced technology that ensures the best personal hygiene

When installing an integrated bidet WC there is no additional equipment or preparation required for installation

Key features

- Sonic Flush**
VitrA Sonic Flush is clever technology that cleans every inch of the toilet bowl. Inspired by the principle of laminar flow, it flushes by spreading the water in the most powerful way, without splashing or making noise
- VitrA Hygiene**
Coats all VitrA ceramicware and inhibits the growth of harmful bacteria by 99.9%
- VitrA Clean**
Limescale is persistent in most bathrooms. WC pans and bidets are coated with VitrA Clean technology. No harsh chemical cleaning agents are needed to keep them beautifully stain-free for years

Smart flushing technology

Sonic Flush is the result of refined engineering and thoughtful design.

Delivering a powerful, splash-free flush with minimal sound, it brings together performance, hygiene, and quiet comfort in one elegant system.

Guided by the principles of laminar flow, Sonic Flush ensures water moves seamlessly and efficiently across the bowl, reaching every part of the surface. The triple-outlet design maximises momentum while reducing turbulence, resulting in a flush that is up to **31%** more efficient than standard rimless toilets. This controlled, consistent flow prevents splashing and minimises airborne particles, creating a cleaner, more hygienic bathroom environment. Quiet, precise, and remarkably effective, Sonic Flush elevates the everyday with intelligent simplicity.

Sonic Flush

The perfect cleaning technology

Powerful yet splash free

Powerful yet quiet

SCAN ME for Sonic Flush video

120% Better flushing performance

At the rear of the Sonic Flush is a strong momentum manifold with 3 outlets designed using the laminar flow principle

2x Less splash

Sonic Flush provides a cleaning power that not only exceeds the norm, it also prevents water from splashing and provides a hygienic toilet experience

7x Quieter

Due to the characteristics of laminar flow, it reduces the turbulent kinetic energy of the water and prevents the noise caused by the chaotic collisions of the water that is flushed

Wall-hung WC pan, Sonic Flush, with slim toilet seat
White £753 - **7870B403-0075**
H: 400mm W: 360mm P: 565mm

White £753 - **7870B403-0075**
H: 400mm W: 360mm P: 565mm

Sonic Flush is one of the quietest toilets in the world

According to accredited lab tests, Sonic Flush has **8.45 dBA** less sound energy than a normal WC.
8.45 dBA means that it produces approximately **7 times** less noise. Certified by Quiet Mark

Frames

V-Fix Frames are crucial for a modern bathroom, supporting and holding wall-hung toilets firmly in place without the need for expensive structural building work.

Whatever your project needs, VitrA's range of frames offers you complete flexibility. The reduced height frame is perfect when space is at a premium or the room has a sloping roof or low window. The frames can be used in solid, stud and double-stud wall scenarios and are both available with a choice of flushing volumes.

Need an alternative to a wall-hung frame?

Our Vitrus glass concealed cisterns for wall-hung and back-to-wall WCs can be used with any wall type, removing the need to create a false wall to hide the frame (see page 185).

P - Projection (mm)

Water pressure

It's important to understand the water pressure in your plumbing system when choosing your brassware. Whether it's a gravity, combination boiler, pump assisted or mains high pressure (ask your installer if you're unsure), knowing your system will help you find the best product.

The minimum water pressure requirements for each product are marked in the brochure. Most products will suit any water system, however the high pressure products are designed to work with high pressure systems for maximum pressure. Equally, if you have low water pressure, there are lots of products that will work for you

MP Medium
(0.4 - 1.0 bar)

Eco-friendly features

Water and energy-saving products are marked throughout with these symbols. Our mixers include adjustable cartridges to limit maximum heat and flow from the tap, which can save up to 60% water waste

Water-saving

Thermostatically controlled
A thermostatic mixer maintains a consistent water temperature by recognising changes in water pressure or temperature and adapting to them

Taps

Find the perfect complement to your bathroom with our stunning tap collection.

Championing both aesthetics and ergonomics, each piece is meticulously engineered to optimise flow, temperature regulation and the use of water and energy. All products include a 10-year guarantee on chrome plating and a 1-year replacement-only guarantee on all working parts.
